

February 2010 Monthly Letter from our Minister

A Thought & A Prayer: Prosperity For All

Prolonged recession, natural disasters, and daily life hassles can lead us into worry and anxious moments about our future. We wish to provide true spiritual nourishment for your most pressing concerns. This article is dedicated to raising the personal consciousness of friends and members of Unity Christ Church, our country, and our world. An ancient proverb says to give one a fish and s/he eats for a day; teach one to fish and s/he eats for a lifetime. For dedicated Truth students, our interest is in now and later. We want to handle existing life issues and provide for a lifetime. We are about learning, proving, and standing on Truth principles in season and out of season, no matter what we may see in the outer world.

Any moment in life is an opportunity to demonstrate the good that is always available. Scripture says, “. . . put me to the test, says the Lord of hosts; see if I will not open the windows of heaven for you and pour down for you a overflowing blessing”(Mal 3:10, NRSV). Prove God by affirming this good . . . not to make something true, but to awaken us to the realization that it is already true.

In the middle of challenge, it can be easy to lose focus on Truth principles. Remember that Peter walked on the water until his focus wavered from Jesus, the Christ, to the wind and the storm (Matt 14:30). Because it is so easy for any one of us to lose focus at any time, we offer a tool to direct us to our center (the Christ). It is *Forty Day Prosperity Prayer Program* which is an insert in this newsletter. It is also on our website; please invite anyone and everyone to join us at www.unitychristchurchstl.org. If you wish to conclude the program on Easter Sunday, please begin on February 24, 2010.

*God loves you, and so do I,
Martha*
